Dear Monica Dantzler-Thomas:

The Agency for Health Care Administration has reviewed your organization's application to retain the status of approved accrediting organization for the state of Florida. I am pleased to advise you that the Utilization Review Accreditation Commission (URAC) meets the requirements of section 641.512, Florida Statutes, and rule 59A-12.0072, Florida Administrative Code, to provide accreditation reviews for health maintenance organization and prepaid health clinics. This approval will be valid for a period of three years from this date. After a three-year period, you will be required to resubmit your application and standards to the Agency for approval.

You may use this letter to notify health maintenance organizations and prepaid health clinics that your organization has been approved by the Agency to provide accreditation reviews in Florida.

The Agency has enjoyed a positive working relationship with URAC since 2000, the year your organization was first approved, and we look forward to continuing that relationship.
